Words from Their Excellencies – Amya and Alexios:

Thank you for coming to the meeting everyone. Congratulations to Ranger Boniface. Something to think about is whether or not we should have a business meeting in December. If we do not have a meeting officers are asked to be diligent with communication in other ways. Both Christmas and New Years fall on a Wed and so

we will not be meeting. Congratulations and thank you to the team that put on Coronation – special shout out to Tofa and Alexandra and everyone who volunteered at the event. Myrg is strong and we are very proud of you.

Old Business

- 1) Business arising from Minutes [Policies and Minutes – Barony of Myrgan Wood](#)
- 2) Review of the minutes from October
Roxanne moves that the minutes be accepted as written. Tofa seconda.

Officer Reports

A. Exchequer (Taka)

- a) As of writing this we have 40,609.02 in the account, When adjusted for cheques written but not cashed we have \$34,486.31.
- b) I will be working with the coronation event steward to get the final numbers and plan on writing the kingdom profit share cheque this week.
- c) We have had a good year for investing in ourselves and trying to grow our group. Lets keep up with that momentum!
- d) We will be looking at what we might need for armoured group gear next (having already set up rapier, archery, and thrown weapons).
- e) Anniversary update – Tracene & Skald are working on late invoices for the bar and hall.
- f) Antonia suggests that if people have ideas as to how the barony can invest in itself, please send her a message or chat with her.

B. Chamberlain (Alexandra)

- a) I have spoken with a few different people on what they like to see in the kitchen gold key. I have a few things I would like to change.
 - i) Remove the glass. There are small ramekins and a couple other small glass cups that should be removed. I picked a bunch of broken ones out of the tubs when going through them. With how much the tubs get moved around I dont feel that glass is a safe option to have in the tubs.
 - ii) Remove excess wooded bowls. There are probably close to 25-30 small wooden bowls in the kitchen tubs. Having a few is good however the wood makes them not really good for kitchen prep and the size it not really good for plating. I was wondering if it would be worth while to refinish them and put them in the newcomers box of gifts? Like we did the mugs?
 - iii) go shopping for a few new things to be added to the gold key. A few pairing knives, a few kitchen knives, a few more trays that are not the folding disposable ones, stuff like that. I have not really been able to keep an eye out at local second

hand stores and dollar stores. They don't need to be fancy just usable.

- b) I'm up for any ideas anyone has!
- c) Roxanne moves that Alexandra can spend up to \$150 on supplies she determines are needed in the kitchen. Tofa seconded. Passed
- d) Alexios requests that mugs be watched for at second hand stores. General request for the populace to keep an eye out for mugs for newcomers when they're out treasure hunting.

1. Long - 20inch x 5 foot mat: \$79.98+tx (available in [colours](#) and [patterns](#) which mimic period or period-ish persian rug designs) Suggest: 1, for behind thrones
 2. Short - 20inch x 32 inch mat: \$39.98+tx (as seen [here](#) or [here](#)) Suggest: 2 or 3, for use in kitchen or for other "standing in one spot" tasks as they arrive
- vi) Total suggested spend: Approximately \$178 to \$225 dollars Canadian
- vii) Roxanne moves that Tofa purchase 4 mats for anti-fatigue purposes, 2 kitchen appropriate and 2 for behind the thrones. Robert & Taka second. Passed.
- b) MWITS (Tonegawa no Keiran)
- i) Our last MWIT followed Winter Coronation and was run by Kaen Yukimura.
 - ii) She had devious targets and we had five participants and a guest marshal in Lleucu Llygoden & Fluffy.
 - iii) We also had time to attempt the Seasonal Shoot, so look forward to a few more familiar names on the Grand Archery Tournament lists come mid-December!

 1. \$60 for a 4 hour exclusive use booking. At \$5/archer this breaks even at 12 attendees
 2. Receipts for this booking will be submitted for reimbursement.
- c) Taverns
- i) Holiday Tavern – Taka will happily run a tavern again. He will set a date, likely in January, and let folks know.
- d) Avacal Premier or Anniversary Events
- i) 10 Day was great! How often do you think we should have that kind of event? How long? Where? Etc
 - ii) The kingdom would like to make a plan – contribute to it with your thoughts, opinions, & ideas

- iii) This will be revisited next month to allow people to think
- e) Avacal Kingdom Calendar
 - i) Current culture is to run using a bidding process. Getting bids is getting difficult and are sometimes at the last minute
 - ii) What would you propose as a remedy? Some ideas generated:
 1. More & better resources to support stewarding and bids
 2. Enforcing the current policy stipulating that if no bids 1 year out then it is assigned to the branch who has gone the longest without hosting
 3. Go to a rotation schedule instead of bids
